

PASMA - Work at Height Essentials Course

A course for anyone who knows little or nothing about working at height. This half-day course provides essential information about the use of mobile access towers, plus an insight into the use of all forms of access equipment as represented by the member organisations of the Access Industry Forum (AIF).

Delegates attending this course receive a course content booklet and PASMA Code of Practice together with a PASMA certificate and photocard for the relevant level that is valid for 5 years.
